

## North West London Health and Social Care Skills Academy Partner Newsletter

### WELCOME TO OUR MONTHLY NEWSLETTER

We are proud to have you invested as partners in the North West London Health & Social Care Skills Academy and want to stay connected with you and share our progress across North West London and the eight boroughs. We will be sending out a monthly bulletin to share our latest updates.

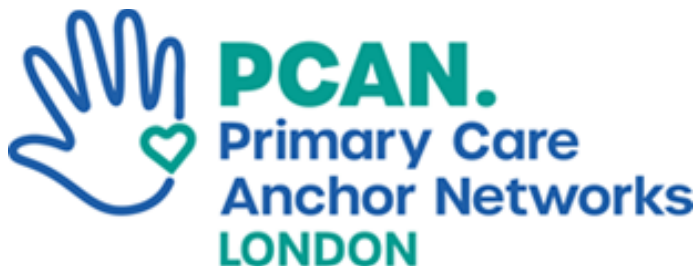

The academy is continuing to work with the Greater London Authority (GLA) to deliver the 'good work for all' ambition which forms part of the London Mayoral Academies Programmes. The academy is targeting the most underrepresented groups within the NWL region and collectively work to generate employment, education and training opportunities.

We would like to thank you for your support and commitment with supporting our workstreams. Together, we are making a positive impact for our NWL communities.

This photograph was taken in June at a Ukrainian Refugee Job Fair which attracted about 800 job seekers.

## THIS MONTH'S SPOTLIGHT: INTRODUCING DAVID ELDRED

Hello, my name is David and I am delighted to be the Primary Care Anchor Network (PCAN) Project Manager for North West London. In addition, I am also working part time with the Health and Social Care Skills Academy as an Engagement Manager.

My PCAN role is focused on improving inequality and increasing opportunities for underrepresented groups to gain employment within Primary Care. This involves developing strong links with local community, schools, local authorities and voluntary groups within NWL working collaboratively to share knowledge and networks.

I am delighted to be working as an engagement manager in the academy two days a week with social care. Being brand new to social care, I will be connecting with you in each borough to promote skills and development opportunities offered by the NWL Health & Social Care Skills Academy.

I look forward to working with you all!
